RULE XII.

RULE AND REGULATION OF THE BOARD OF COMMISSIONERS OF AGRICULTURE AND FORESTRY CONCERNING THE CONTROL OF INSECT AND OTHER VEGETABLE PESTS IN THE TERRITORY OF HAWAII.

The Board of Commissioners of Agriculture and Forestry of the Territory of Hawaii hereby make the following rules and regulations for the purpose of controlling and diminishing or eradicating injurious insects, blights, scales and pests, injurious or liable to become injurious, to trees, plants, or other vegetation of value and the fruit thereof.

Section 1. In view of the presence of injurious insects, blights, scales and pests which are a detriment or which may become a detriment to the agricultural industries of the Territory and for the purpose of preventing or diminishing the damage and loss caused by them, all inspectors and other duly appointed agents of the Board of Agriculture and Forestry are hereby empowered to enter at all reasonable times any and all farms, orchards and premises in said Territory, where there are agricultural growths and products, for the purpose of inspecting trees, plants, cuttings, vines, fruits, vegetables, tubers, roots, seeds and other agricultural growths and products thereon.

Section 2. Whenever such injurious insects, blights, scales, or pests are discovered on any premises, inspectors and other duly appointed agents of the Board of Agriculture and Forestry shall advise the growers of the crops on such premises as to the best method of reducing the damage that may be caused thereby, and all fruits, plants, cuttings, vines, vegetables, tubers, roots, seeds or leaves infected with any such insect, blight, scale or pest, shall be destroyed at once by the grower thereof by methods prescribed by the Superintendent of Entomology upon the request of any such inspector or agent.

Section 3. All inspectors and other duly appointed agents of the Board of Agriculture and Forestry are hereby empowered to seize and destroy any fruit, plant, cutting, vines, vegetables, tubers, roots, seeds, or leaves infected with any such insects, blights, scales or pests found in any shipment in any part of the Territory.

Section 4. Any person, firm or corporation violating the above rule shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed Five Hundred Dollars, as provided by section 390 of the Revised Laws, as amended by Act 82 of the Session Laws of 1905, and Act 112 of the Session Laws of 1907.

HAWAII CHINESE HELP PROMOTE S. S. LINE

Report Says Undertaking Will Be Launched in Two Months

Chinese merchants and business-men of Hawaii have pledged financial support to the proposed steamship line between Los Angeles and Hongkong, according to an official report made to the Los Angeles Chamber of Commerce by Goon Lee, a Chinese financier of the Coast who is helping to promote the ambitious project.

That the Chinese government will help to finance the Los Angeles-Hongkong steamship project; that five vessels, costing about \$1,000,000 each, will be built on the Pacific coast, and that arrangements have practically been completed for the acquisition of seven other ships, now in Oriental waters; also that the vessels will be operating between California and the Far East by the time the Panama canal is opened, were among the confidential statements given out by Goon Lee, representing the Los Angeles Chinese, on his return from San Francisco, where he was enlisting the co-operation of the Chinese organizations and concluding negotiations for the establishment of a large daily paper in Hongkong, which will be the official organ of the Chinese-American trade interests.

Other Help is Promised.
Goon Lee, in his report to the Los Angeles Chinese chamber of commerce, stated that definite assurances have been received from the Chinese of Hawaii, Mexico, South America and British Columbia that they will help to finance the project; pledging their patronage to an extent that will justify the operation of several large vessels and assuring prospects which, by the time the canal is ready, will necessitate the use of the number planned—twelve in all.

Two of the vessels to be constructed on the Pacific Coast, either at San Francisco or Long Beach, Cal., will be larger than the Manchuria or Siberia, now operating between San Francisco and the Orient; one will be of a type and capacity almost equal to the ill-fated Titanic; and the other two will be smaller, but representing the most modern ideas of boat construction.

Merchants Enthusiastic.
The international commercial bureau of Shanghai has taken charge of the Oriental end of the project, and is now actively co-operating with the Chinese of the West coast. More than twenty-five of the leading manufacturers and merchants' associations of Hong Kong, Shanghai and Canton also are aiding the American Chinese, and within the next two months, it is stated, the project will have become an international undertaking, with government approval and assistance.

The project is reported to have the endorsement of several New York capitalists, and, according to intimations received here, these capitalists are planning the establishment of several immense tourist resorts, near the coast of China, which are to be maintained in connection with the proposed new steamship line. The trans-Pacific line, it is generally conceded, will operate in connection with a modern passenger and freight extending along the Western coast of the New World, from Vancouver, B. C. via Seattle, Tacoma, Portland, San Francisco, Los Angeles, San Diego, Guaymas, etc., to Rio Janeiro.
